

Eight Charter Operators Earn High Marks

Jets.com—an online charter broker that allows customers to bid on flights—has bestowed its latest Circle of Excellence awards on eight charter operators, based solely on surveys its customers complete after each flight. Survey criteria included condition and cleanliness of the aircraft, amenities, crew performance, luggage handling and flight readiness.

While customers ranked 167 charter operators, only eight achieved a perfect score across the board after at least five rated trips taken between August and December 2006. The winners:

Operator	Base of Operations
The Air Group	Van Nuys, Calif.
Aviation Consultants	San Luis Obispo, Calif.
Fair Wind Air Charter	Stuart, Fla.
Flightworks, Inc.	Kennesaw, Ga.
Liberty Jet Management	Oyster Bay, N.Y.
Northern Illinois Flight Center	Lake in the Hills, Ill.
Scott Richard Aviation Services	Allentown, Pa.
XO Jet	McClellan, Calif.
